Stansted U3A's Art Appreciation Group are devoting their May and June meetings to a world-class collection of sculpture which is very close to home – in Harlow.

Hepworth and Auguste Rodin. Ms Lushington will explain the 60-year history of the collection and highlight the latest additions plus the internationally renowned 'listed sculptures', of which Harlow has seven.

The June meeting, on Wednesday, June 21, will be a walk providing the opportunity to see some of the sculptures sited in central Harlow.
